COWETA IS UNDER CONTROL

MANY NEGROES DISARMED AND OTHERS LEAVE TOWN.

Muskogee, Ok., Oct. 23.—Practically every negro in the town of Coweta, where a race riot occurred yesterday, is without arms, and Company G of the state militia and a citizens' committee have the situation under control. The troops today searched every negro shanty and in most every one found arms, which they confiscated. There were a number of strange negroes in the town during the day, but they were disarmed and sent away before nightfall.

Herman Rea, a young white farmer, was held up by a band of fifteen negroes near town and searched and permitted to drive into town. A half dozen negroes have been arrested and detained in jail. Another wounded man was found this morning lying beside the Katy right of way. He is John B. Thomas, a white man, section foreman of the Missouri, Kansas and Texas railway. He had been shot last night and his leg was shattered. Two white farmers were with him at the time, but they fled, and it is not known whether or not they were injured.

A man was arrested this afternoon, charged with inciting trouble. It is charged that he has been agitating a revolt against the whites during the last few months.

An order has been made by the citizens' committee and Capt. Green of Company F, commanding the public to remain off the streets after nightfall. The militia will again patrol the town tonight and remain in Coweta until tomorrow night. A few women and children left Coweta and came to Muskogee today. It is believed that the whites will be able to cope with the situation tonight without serious trouble.

Coweta, Ok., Oct. 23.—Militiamen and citizens, heavily armed, are patrolling the streets in almost total darkness, and a military patrol has been drawn around the outskirts of the town.

Two dray wagons full of arms are stacked tonight in the courtroom.

here. The arms were taken today from the homes of the negroes. Many rifles were found hidden in hay mows, in cotton bins and even under the floors of houses. It is believed, however, that many negroes still retain their arms.

Negroes are leaving the town hourly and more than 100 have gone tonight. Many of these, it is reported, have gone to Red Bird, an exclusive negro settlement of a few hundred people, six miles away.

It is toward Red Bird that the eyes of the officers are turned. County officials driving through that section in an automobile late today report a mob of more than 100 armed negroes gathered in the streets today to march on Coweta.

A score of negroes were arrested today and placed in chains and spirited to Wagoner, the county seat, in automobiles.

REPRESENTATIVE NEW YORK BANKS VISITS AMONG THE LOCAL BANKERS

Carl D. Conley, traveling representative of the Coal and Iron National bank of New York was visiting among the Ada bankers today.

Mr. Conley was optimistic relative to the commercial outlook throughout the country. He expressed due consideration for the financial closeness ever more or less prevalent just preceding a presidential election but he insisted that general conditions were good and that notwithstanding the demanded reorganizations of the Standard Oil and tobacco trusts and the threatened prosecution of the steel trust and as well as the sure reform of the currency system, that there was no endangerment of the solidarity of the business affairs of the country.

BIG BUILDING CONTRACT LET

W. M. COOPER GETS CONTRACT FOR EAST MAIN STREET BUILDING.

Last evening the bids on the building for the Ada Investment Co. on East Main street were opened and the contract let to W. M. Cooper at about \$11,000. Four bids were submitted for the work.

As stated before the building will be 50x140 feet and two stories in height and will be of reinforced concrete, the largest building yet constructed of this material in Ada.

Mr. Cooper, who is one of the most skillful and hustling workmen in this section, states that work will begin without the least delay as soon as the preliminaries are arranged.

It is understood that the contract for the other buildings next to this one will also be let at once and work pushed vigorously. So much for the progress of Main street. Next.

FARMERS AND BUSINESS

MEN TO MEET

Owing to confusion arising from the changing of place of meeting from court house to city hall, the gathering of farmers Saturday afternoon for the purpose of considering the question of holding cotton, was not very well attended, and was adjourned to meet again Wednesday morning, November 1 at 10 o'clock. It is hoped that business men as well as farmers, will be present, for it is a question in which all are equally interested.

GORE'S ROAR.
Senator Gore of Oklahoma, while in
Kansas the other day, "took on dread-
ful" because he recently bought a
suit of clothes in Canada and had to
pay a duty on it when he came home.
The senator hasn't much of a kick,
though. That's the way this govern-
ment has of collecting money to pay
his salary.—Kansas City Journal.

Oklahoma papers are full of arti-
cles from citizens who have recently
returned to Oklahoma after trying
their fortunes in other places. We
know of a number of people who will
read this item with upturned noses,
but were they to leave they would re-
turn with the same kind of stories.—

SAGE TEA WILL DARKEN THE HAIR

Restores Faded and Gray Hair to
Natural Color—Dandruff Quickly
Removed.

There is nothing new about the idea
of using sage for restoring the color
of the hair. Our great-grandmothers
kept their locks soft, dark and glossy
by using a "sage tea." Whenever
their hair fell out or took on a dull,
faded or streaked appearance they
made a brew of sage leaves and ap-
plied it to their hair, with wonder-
fully beneficial effect.

Nowadays we don't have to resort
to old-time, tiresome methods of gat-
hering the herbs and making the tea.
This is done by skillful chemists bet-
ter than we could do it ourselves, and
all we have to do is to call for the
ready-made product, Wyeth's Sage
and Sulphur Hair Remedy contain-
ing sage in the proper strength, with
the addition of sulphur, another old-
time scalp remedy.

The manufacturers of this remedy
authorize druggists to sell it under
guarantee that the money will be re-
funded if it fails to do exactly as rep-
resented.

Don't neglect your hair. Get a bot-
tle of Wyeth's Sage and Sulphur to-
day, and notice the difference after
a few days use.

This preparation is offered to the
public at fifty cents a bottle, and is
recommended and sold by all drug-
gists

PROPER TREATMENT FOR CATARRH

The first thing to be done in the
treatment of Catarrh is to begin the
use of a medicine that will have a
direct effect on the source of the
disease; in no other way can any
curative progress be made. S. S. S.
does this more quickly and satis-
factorily than any other medicine.
It is the most penetrating of all
blood purifiers, thoroughly, yet
gently, expelling all catarrhal mat-
ter and impurities from the circula-
tion, and by its fine tonic properties
strengthening and building up the
system in such healthy manner that
it is enabled to overcome the de-
pressing effects of Catarrh. Some
local treatment is often desired to
open the air passages of the head
and nose and relieve the congestion
and "tickling" of the throat, and
other unpleasant symptoms. There
are many helpful measures which
may be resorted to, and there are
others which may be harmful, and
to aid Catarrh sufferers we have pre-
pared a special treatise on the disease
which will be of great value to any
who suffer with this trouble. This
book together with any medical ad-
vice free to all who write and request
it. Take S. S. S. regularly and ac-
cording to directions, and it will cer-
tainly remove the cause and cure your
Catarrh. S. S. S. is sold at drug stores.

COTTON LOSS NOT OVER 500 BALES

F. J. Phillips, president of the Ada
Compress Co., was in town yesterday
helping to get things straightened out.
J. D. Lasater, the superintendent
of the compress, states that they are
beginning to bring order out of the
chaos that existed just after the fire,
and will in a few days have things
checked up. He estimates that 550 will
cover the entire number of bales de-
stroyed or damaged. The fire still
smoulders in a few bales, but it is
being kept under good control.
Mr. Lasater is of the opinion that it
will be impossible to get the compress
rebuilt in time for work this season.

POPULAR DRAMA--

THE MISSOURI GIRL

One of the strongest endorsements
of Fred Raymond's famous comedy
The Missouri Girl, is the fact that it
is probably the best self-advertised
play in existence. For the past fifteen
years this excellent comedy has been
touring the United States and Canada
continually, with from one to three
companies, and in that time has built
up a reputation that is the envy of
the entire theatrical profession and
this, strictly on its merits.

There has never been a dollar spent
in the dramatic papers or magazines
in advertising The Missouri Girl.
Whenever any write-up, pictures or
stories have been published, they have
been used as news items and not as
paid ads, as is usually the case. One
reason for its universal popularity is
that the play appeals to all classes
of theatregoers and does not apply to
any particular set or section.

The story while not of the hair-
raising sort is one that is interesting
and refreshing; the audience soon
finds itself living with the characters,
enjoying their happiness and be-
moaning their sorrows. The language
is plain, simple and to the point, no
obscure problems and entirely de-
void of vulgarity, weaving a story of
a quaint people in the rural districts
of Southern Missouri. Of course the
laughable side of life is depicted to a
greater extent and the author has
brought the comedy element into
prominence at every opportunity. The
sudden jumps from grave to gay are
rather startling at times, and would
hardly be attempted by a less dar-
ing writer than Mr. Raymond. His
comedy, however, is of such an easy,
natural sort that these sudden
changes do not seem harsh or out
of place. The characters are types en-
tirely different from those seen in
other plays, all taken from people the
author has met in real life, and this
is one reason why The Missouri Girl
is a play that stands alone in a class
by itself.

The scenic equipment is complete
in every detail. Every foot of the
thousands of yards of painted canvas
was done in Mr. Raymond's large
studio and under his personal di-
rection, by some of the most talented
French and American artists.

This entire production comes to us
intact. Ada Opera House tonight.

FOR AGED PEOPLE.

Old Folks Should Be Careful in Their
Selection of Regulative Medicine.

We have a safe, dependable, and
altogether ideal remedy that is par-
ticularly adapted to the requirements
of aged people and persons of weak
constitutions who suffer from consti-
pation or other bowel disorders. We
are so certain that it will relieve
these complaints and give absolute
satisfaction in every particular that
we offer it with our personal guaran-
tee that it shall cost the user nothing
if it fails to substantiate our claims.
This remedy is called Rexall Order-
lies.

Rexall Orderlies are eaten just like
candy, are particularly prompt and
agreeable in action, may be taken at
any time, day or night; do not cause
diarrhoea, nausea, griping, excessive
looseness, or other undesirable ef-
fects. They have a very mild but pos-
itive action upon the organs with
which they come in contact, appar-
ently acting as a regulative tonic up-
on the relaxed muscular coat of the
bowel, thus overcoming weakness,
and aiding to restore the bowels to
more vigorous and healthy activity.
Three sizes 10c, 25c and 50c. Sold on-
ly at our store—The Rexall Store.

MAJESTIC THEATRE TONIGHT

Pathe's Feature Drama THE INSUBORDINATE SOLDIER

Story of an actual occurrence that happened at an Army Post in the West. A soldier who had been dishonorably discharged, joins a band of outlaws. They capture his former Lieutenant, who is rescued by a member of that race which never forgets—a Indian, to whom the Lieutenant has shown a favor. The picture shows a thrilling fight between soldiers and the outlaws.

Mosquitoes Bad This Year
But don't scratch the poisoned skin.

Use a mild, cooling, healing compound that stops the itch instantly, draws out the poison in the skin and protects it against further trouble.

Just a mild cleansing wash of oil of wintergreen thymol and a few other ingredients known as the D. D. D. Prescription (so famous in cases of eczema) and you have mosquito protection for the season.
Yes, instant relief—now only 25c.

NORMAL NEWS.

Ever since the organization of the "Sophs" they have been planning to have a class social or blow-out. Last night it happened or rather failed to happen. The Sophs, diked out in their best came up to the normal about 7:30 and began their frolic. About 30 minutes past 7:30 the Freshmen, sub-Freshmen and First Year students, about 30 strong, came up and had a frolic too. The "Sophs" then did some color change stunts and their faces dropped below freezing.

Somewhere, they had something to eat, nobody but Sophs knew. Scouting parties were sent out by the underclassmen and after a search of the entire building returned and reported "no find."

It was then decided that the financial condition of the Sophs did not permit their indulgence in refreshment. All the evidence of a feast that could be found today was a wrapper for a penny stick of long tom chewing gum. The Sophs are all going around today with pinched faces caused from lack of nourishment. Several stated that they did not eat supper last night in anticipation of the feast which did not come.

The Sophs have the undivided sympathy of the entire faculty and both Juniors and Seniors, having all been Sophs themselves.

The Y. W. C. A. will serve lunch Wednesday noon to the students of the normal.

The Debating Club met in regular session last night. A constitution was adopted and a name selected. It will be called the "Forum." The subject discussed was "Resolved that it is the Sense of this society that Governor Cruce should call a special session of the legislature." The decision was rendered in favor of the affirmative. The officers of the Forum will be selected at the next meeting and a mock trial will be held in the near future.

A curtain and scenery have been ordered for the auditorium and will soon be installed in readiness for the play "Comrades" to be given soon by the dramatic club.

MRS. MARGARET HARWELL
DIED THIS MORNING

After an illness of nearly eleven weeks, Mrs. Margaret Harwell died this morning at the home of her grand daughter, Mrs. Virgil Hale. The funeral took place at 5 o'clock this afternoon the services being conducted by Rev. James Rayburn.

Deceased was almost 81 years of age. She made her home at Greenville, Tex., but has usually spent several weeks with Mr. and Mrs. Hale every fall. She was ill when she reached Ada some weeks ago, and

never left her bed during this time, although given the best medical aid and attention that could be had.

Mrs. Harwell was a native of Tennessee, but for many years had lived in Texas, she and her husband being pioneers. She had been a consistent member of the Presbyterian church since her childhood.

The News extends its sympathy to the sorrowing relatives of the deceased.

JNO. R. WALSH DIES
OF HEART DISEASE

Chicago, Oct. 23.—John R. Walsh, former banker, publisher and railroad owner, released a week ago from the Leavenworth federal penitentiary died today of heart disease.

Mr. Walsh had been in bed most of the time since his arrival here from Leavenworth, October 15. He had been attended constantly by physicians.

Intermittent reports of Mr. Walsh's failing health during his incarceration had been denied at the penitentiary. On his release it was plain that he had aged and he gave up plans for resumption of his position as a financial leader and took to his bed.

Mr. Walsh was 74 years old. Death came just nine days after his release on parole from the federal penitentiary, where he had been sent on charge of misappropriating the funds of the bank to the use of other enterprises.

Mr. Walsh's health failed soon after his entrance to the penitentiary. An immediate movement to obtain his release on parole was begun by members of his family, Mrs. Mary L. Walsh and his two sons, Richard W. and John W. Walsh. At that time the attending physician at the penitentiary said that Mr. Walsh was suffering with hardening of the arteries.

After his release Mr. Walsh was thought to have been still further weakened by a long, cold automobile ride from the prison to Kansas City. When he arrived home on the morning of October 5, Mr. Walsh was so ill and so weak that he went to bed at once and remained there until his death.

STABBING AT COLBERT SCHOOL HOUSE

Sunday evening at Colbert school house Walter Floyd was stabbed and painfully wounded by Ethridge Wright. The trouble came up during the progress of prayer meeting, and if the information at hand is correct, it arose when Wright went out of the house and tried to quiet some loud talking being indulged in by some boys. Hot words and some blows were passed, culminating in the stabbing. Wright disappeared after the cutting.

Walter Floyd is the son of Jim Floyd, and is about eighteen or nineteen years old.

CITY DADS HOLD SHORT SESSION

The council meeting of last evening was unusually short, the body adjourning about 9:30 to meet again Wednesday evening at 7:30.

The matter of purchasing water meters was passed over until after November 1. The proposition of the country club to lease the city reservoir was passed over until the next regular meeting.

The O. C. railroad was ordered to build safe wagon crossings at all street intersections.

The principal event of the session was the passage of the ordinance creating a sewer district in North Ada, the full text of which appears in another column of this paper.

Ordinance Number 254.

An Ordinance creating and establishing a Sewer District of certain portions of the City of Ada, Oklahoma, to be known as Sewer District number four, and declaring an emergency.

Be it Ordained by the Mayor and City Council of the City of Ada, Oklahoma, according to the official map or survey of the City of Ada, Oklahoma.

Section One. That a Sewer District shall be and is hereby created and established of Blocks twenty-eight, twenty-nine, thirty and thirty-one of the original town of Ada, Oklahoma, according to the official map or survey of the City of Ada, Oklahoma.

Section Two. That there shall be a district sewer established and constructed within the district described in section one of this ordinance in accordance with the plans, profiles, specification and estimate prepared by the city engineer, approved by the Mayor and Council on the 16th day of October, 1911, and now on file in the office of the city clerk, a copy of which plans, reference is herein made, and such sewer to be built and constructed in said district shall be in strict accordance with the plans, profiles, specifications and estimate, aforesaid in every detail.

Section Three. That there shall be a tax levied by special assessment against all of the real estate embraced in said district to defray the expense of building and constructing said district as required by law.

Section Four. That by reason of the unsanitary conditions existing from lack of sufficient drains and sewerage in the above described district, the health and safety of the inhabitants of said city are in eminent danger, whereof it is necessary for the immediate preservation of the public health, peace and safety of the inhabitants of this city that this ordinance be in force and effect from and after its passage, approval and publication as by law provided.

Passed by the City Council and approved by the Mayor this the 23rd day of October, 1911.

(Seal) S. E. CHAPMAN, Mayor.
Attest: W. B. JONES, City Clerk.
Published 24th day of October, 1911.

AT THE END OF HIS ROW a man must be that will burn poor coal when we keep the best in town at prices that you will have to pay for inferior coal elsewhere. You will always find our coal high grade and perfectly satisfactory for cooking or heating. We send it to you well screened and full weight.

Remember if you get 1500 lbs. of lump coal and 500 lbs. of slack for a ton you have really only 1500 lbs. of coal as the slack is worthless to you, we would not let you have slack if you wanted it as we need it for our boilers, so be sure and get our prices before you buy.
